**Rhodes Scholar**

**Film debuts at international conference**

By Teresa Schmedding and Sallyann Price

<https://www.rotary.org/en/vr-film-draws-crowd-convention>

“More than 3,000 people watched the debut of Rotary International’s new virtual reality film, “One Small Act,” Tuesday at one of the largest simultaneous viewings of a VR film.

The film follows the journey of a child whose world has been torn apart by conflict and supports the causes Rotary champions — including polio eradication and peacebuilding. The story evoked strong emotions and sensations from the crowd.

Angus Frazer, of Quirindi, Australia, was among the thousands who registered for the event, which was a part of [Rotary International Convention](#) in Atlanta, Georgia, USA.

“The film was great. A bit shocking; I didn’t really know what to expect from it but it was really cool,” he said. “I think the film’s message will open up the world a bit, to make people realize there are terrible things happening and there are people trying to help - Rotary being one of the main groups doing that.”

Virtual reality allows people “see the magic of Rotary firsthand,” said RI President John Germ.

Attendees are eager to share the film when they return home.

“This will definitely have a positive effect on people,” says Angela Ofili, of Lagos, Nigeria. “Rotary has evolved, and that goes a long way toward having an impact in other people’s lives.”

“One Small Act” isn’t Rotary’s first [VR film](#). “I Dream of an Empty Ward,” which premiered on World Polio Day last year, takes viewers to India to follow Alokita, a young woman paralyzed by polio as a child.

The film is available for viewing on Rotary’s VR app, which is available for [Android](#) and [Apple](#) products.”

**Last week, Madison Ridgeland Rotarian Steve Jackson was named District 6820’s Member of Month!**
